

MANAGE WIKI (SEE LINK)

NEW PAGE—Use to create a new page, add tags if needed

EDIT (add content and revise)

- Click on edit to add content and make revisions.
- Use the basic word processing tools on the menu bar (**NORMAL text**)
- Add a Table of Contents, naming your assignments (short titles). Highlight your assignment title and set it as a **Heading 3** (students can navigate to the assignments quickly)
- Add hyperlinks to websites, add videos, polls, upload PDF's etc...
-

Content

Pages

View all the pages you have created here. You can rename pages and delete pages that you made in error here. **DO NOT DELETE** others pages only the ones you created by mistake—please rename it if that is all you needed to do.
